

## Riding break Windsor and Ascot

---

### Itinerary

For those who work in central London and need to recharge their batteries on a short break riding holiday, or for those who would like to experience one of the most stunning riding opportunities in the UK then please read on.

### Day One

Arrive and settle into our great four star hotel and spa located in Ascot. The hotel has been fashioned in the style of a French Chateau complete with turrets, it offers the traditional atmosphere of an original manor house alongside up to date leisure facilities including an 18 metre pool, an extensive techno gym and an outdoor hydrotherapy pool. Dinner may be taken this evening in the hotel or Ascot has a host of restaurants and pubs offering ever type of cuisine. Please Note If time allows today you can start riding.

### Day Two

After breakfast, you will travel the short distance to the riding stables where you will start your riding. Most people choose to start the day with a lesson but for more experienced riders this is flexible. In this area there is a whole host of visitor attractions for non riders or for any spare time between rides including Windsor Castle, Dorney Court, The Seville Garden, Eton College and boat trips along The River Thames. After lunch we will be arranging a ride for you in Windsor Great Park. The stables have over 30 horses to enable them to cater for all levels of riding ability from complete beginners. Experienced qualified staff accompanies the hacks which are divided into ability groups. This Park really is a magical place to ride with its wide grassland trails and stunning views of Windsor Castle.

## Day Three

After breakfast the choice is yours you can either elect to follow the same riding plan as the day before with a lesson in the morning and then a hack in the afternoon or you can choose to ride just once and hack out again in Windsor Great Park. The local area is really rich in visitor attractions and the hotel's spa facilities are excellent so we can offer extended breaks for those who want to make the most of this.
