

The Seville Spring Fair 2010

La Feria de abril de Sevilla

The Seville Spring Fair, La Feria de abril de Sevilla, is held in the Andalusian capital of Seville, Spain. The fair generally begins two weeks after the Semana Santa, or Easter Holy Week.

The fair officially begins at midnight on 19 April, and runs six days, ending on 25 April 2010. Each day the fiesta begins with the parade of carriages and riders, at midday, carrying Seville's leading citizens who make their way to the bullring, La Real Maestranza, where the bullfighters and breeders meet.

The Fair dates back to 1847 when it was originally organized as a livestock fair by two councillors, José María Ybarra and Narciso Bonaplata. Queen Isabel II agreed to the proposal, and on 18 April 1847 the first fair was held at the Prado de San Sebastian, on the outskirts of the city.

It took only one year before an air of festivity began to transform the fair, due mainly to the emergence of the first three casetas, belonging to the Duke and Duchess of Montpensier, the Town Hall, and the Casino of Seville. During the 1920s, the fair reached its peak and became the spectacle that it is today.

For the duration of the fair, a vast area on the far bank of the Guadalquivir River is totally covered in rows of casetas (individual decorated marquee tents which are temporarily built for the duration of the fair). Some of these casetas belong to the prominent families of Seville, some to groups of friends, clubs, trade associations or political parties. From around nine at night until six or seven the following morning, at first in the streets and later on within each caseta, you will find crowds partying and dancing "Sevillanas", drinking Jerez sherry, or manzanilla wine, and eating tapas.
