## Brecon Beacons Spa & Ride

### Itinerary

#### Day One

Once you have arrived at your accommodation early this afternoon, unpacked and settled in, it is time to head to the stables for a short ability assessment followed by a ride out with a qualified guide. Tonight you will enjoy either a home cooked meal at the Bed & Breakfast, or if you chose to spend your break at the country house hotel then you can look forward to a home grown meal! The owners of the hotel have a nearby family farm where they keep cattle, poultry and much more.

#### Day Two

After a hearty breakfast this morning you can make the short drive to the stables in just ten minutes. Today you will be riding through the Brecon Beacons soaking in as much of the beautiful Welsh scenery as the sunlight will allow. After which, it is time to head back to your stunning and historic Georgian hotel (or cosy B&B), in perfect co-ordination for your last dinner before parting ways later on tomorrow with this fantastic corner of the world.

#### Day Three

Today you can enjoy a final morning's hack before it is time to begin your journey home. If you stayed at the Hotel then we suggest that you try and visit the wood panelled library, terrace, garden and organic spa before you are due to part.
